

Premium inkjet sublimation transfer papers

Eco trans dye-sublimation transfer paper is a quality range of thermo-adhesive treated dye-sub print paper (tack) and untreated economy papers (no tack) in various weights for textile decoration. A superior range for non textile applications are also available. All eco trans papers are designed to work with leading brands of sublimation inks and are designed for calendaring and press applications.

Available roll widths from 24 to 74inch widths – all common sizes are available with weights from 70 to 110gsm. Available in 4 styles: QD – quick dry, breathable (for hard surface), RG – regular, multi use, HR – high release and TK – tack, heat activated.

Sharp definition even with the heaviest of ink loads, Ecotrans delivers absolute color consistency, and handling right though to the calendar machine or press, special length rolls are available upon request.
